Water Filter for AR1313

○ AR1314
5513292811

The De'Longhi filter cartridge is designed to optimise the water quality used by coffee machines. It helps improve machine performance and efficiency because it prevents limescale build-ups inside the coffee machine. Cleaner water helps to obtain a better tasting coffee and to preserve its original aroma. It helps to extend the life of the coffee machine. It's quick and easy to install.
