

IGFD7010WIFI

10 Litre Smart Air Cooler

igenix

Product Specification and Features

- Wi-Fi enabled with Tuya Smart Life app & voice control
- Touch button control with LED setting indication
- 8 Hour timer
- 3 Fan speed settings
- Humidification function
- 10 Litre removable water tank
- 120° Horizontal oscillation
- 45° Manually adjustable vertical louvres
- Remote control
- Rear water level indicator window
- Castor wheels
- Anti-dust filter and cooling wet curtain
- 2x Ice packs included
- Power: 60W
- Capacity: 10Litre
- Flow rate: 200m³/h
- Product dimensions (mm): H:777 x W:270 x D:264
- Package dimensions (mm): H:870 x W:337 x D:340
- Net weight: 8kg
- Gross weight: 11kg

IGFD7010WIFI

Features and Benefits

igenix

- The Smart Air Cooler creates a cool refreshing air flow
- Easy control of all setting with Wi-Fi connectivity to control from anywhere using the Tuya Smart Life app
- Voice control ability with Amazon Alexa and Google Assistant compatibility
- Easy fill with removable water tank and level indicator window
- Included ice packs for enhanced cooling ability
- Anti-dust filter and cooling wet curtain actively removes larger particles when the warm air enters, and the air is cooled by adding water vapour from the wet curtain
- Extended air flow with 120° horizontal oscillation and 45° manually adjustable vertical louvres
- Delayed timer function ranging from 2 to 8 hours
- 3 fan speeds for variable cooling
- The optional humidification function filters air through water to naturally lower the temperature and put moisture back into the air that is then released by the fan
